## PROVISIONS

### 1. SUM INSURED

It is a requirement of this insurance that the Sum Insured shall be equal to the cost of replacement of the insured property by new property of the same kind and same capacity, which shall mean its replacement cost including freight, dues and customs duties if any and erection costs.

### 2. BASIS OF INDEMNITY

- a. In cases where damage to an insured item can be repaired the Company will pay expenses necessarily incurred to restore the damaged machine to its condition immediately prior to the accident/loss plus the cost of dismantling and re-erection incurred for the purpose of effecting the repairs as well as ordinary freight to and from a repair-shop, customs duties and dues if any, to the extent such expenses have been included in the Sum Insured. If the repairs are executed at a workshop owned by the Insured, the Company will pay the cost of materials and wages incurred for the purpose of the repairs plus a reasonable percentage to cover overhead charges.

No deduction shall be made for depreciation in respect of parts replaced, except those with limited life, but the value of any salvage will be taken into account. If the cost of repairs as detailed hereinabove equals or exceeds the actual value of the machinery insured immediately before the occurrence of the damage, the settlement shall be made on the basis provided for in (b) below.

- b. In cases where an insured item is totally destroyed the Company will pay the actual value of the item immediately before the occurrence of the loss, including costs for ordinary freight, erection and customs duties if any, provided such expenses have been included in the sum insured, such actual value to be calculated by deducting proper depreciation from the replacement value of the item. The Company will also pay any normal charges for dismantling of the machinery destroyed but the salvage shall be taken into account.

Any extra charges incurred for overtime, night-work, work on public holiday, express freight, are covered by this insurance only if especially agreed to in writing.

In the event of the Makers' drawing, patterns and core boxes necessary for the execution of a repair, not being available, the Company shall not be liable for the cost of making any such drawings, patterns and core boxes.

The cost of any alteration, improvements or overhauls shall not be recoverable under this Policy.

The cost of any provisional repairs will be borne by the Company if such repairs constitute part of the final repairs, and do not increase the total repair expenses. If the sum insured is less than the amount required to be insured as per Provision- 1 herein above, the Company will pay only in such proportion as the sum insured bears to the amount required to be insured. Every item, if more than one, shall be subject to this condition separately.

The Company will make payments only after being satisfied, with the necessary bills and documents, that the repairs have been effected or replacement have taken place, as the case may be. The Company may, however, not insist for bills and documents in case of total loss where the insured is unable to replace the damaged equipment for reasons beyond their control. In such a case claims can be settled on 'Indemnity Basis'.
